600 15 COMPTON QUADRATIC

MERQUAGÈ: *HISTORIQUE INDIVIDUEL ATTRI*

MÉMOUAGES : N° 2 MÉMOUAGES 217

The diagram illustrates a mechanical assembly. A vertical rod with a rectangular slot is positioned above a horizontal rod with a similar slot. The horizontal rod is attached to a cross-shaped base plate. The base plate features two rectangular cutouts and two small rectangular components. A dimension line indicates a width of 104 mm between the vertical rod and the horizontal rod. Two circular callouts point to specific features: one labeled 'M' points to the top of the vertical rod, and another labeled 'D2' points to the top of the horizontal rod.
